

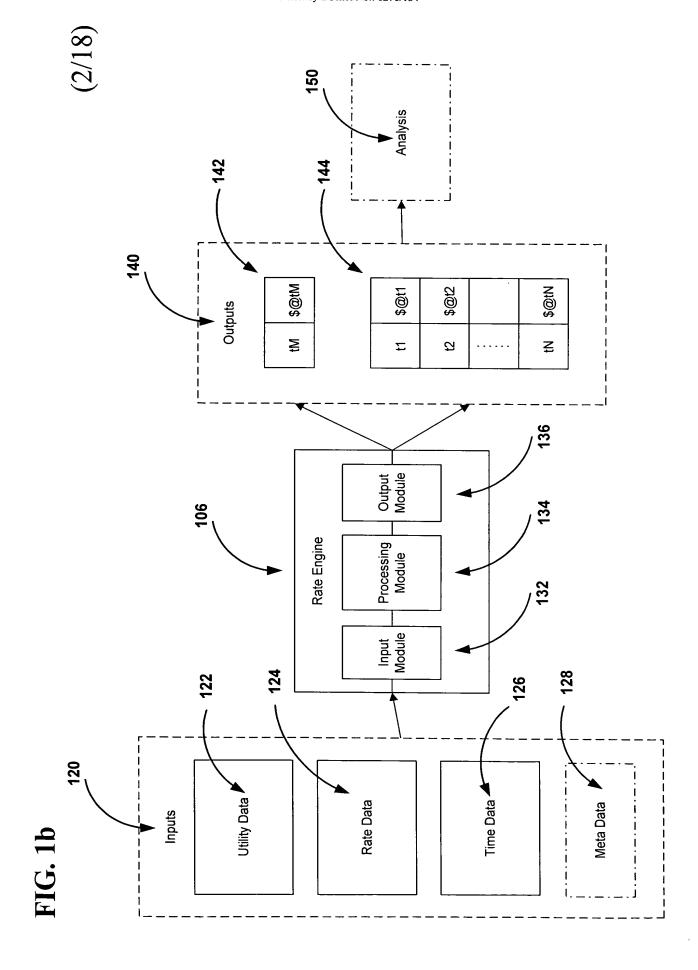

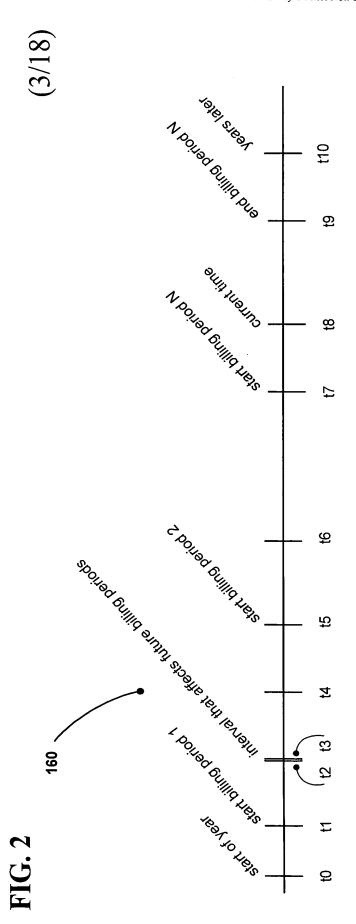

FIG. 1

t2 to t3 is one logging interval, smallest granularity

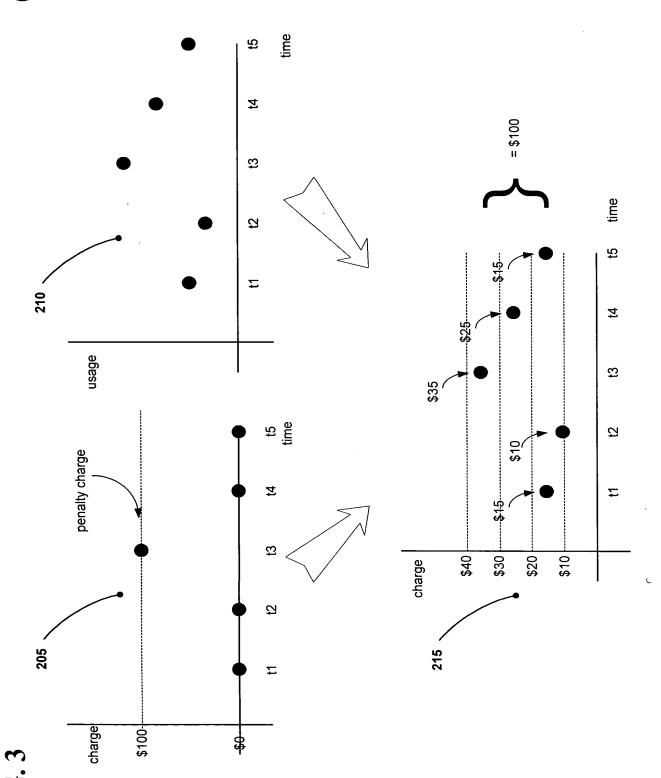

t1 to t5 is one billing period

t3 to t4 is subset of billing period 1

t4 to t6 is interval spanning two billing periods

t7 to t8 is bill to date

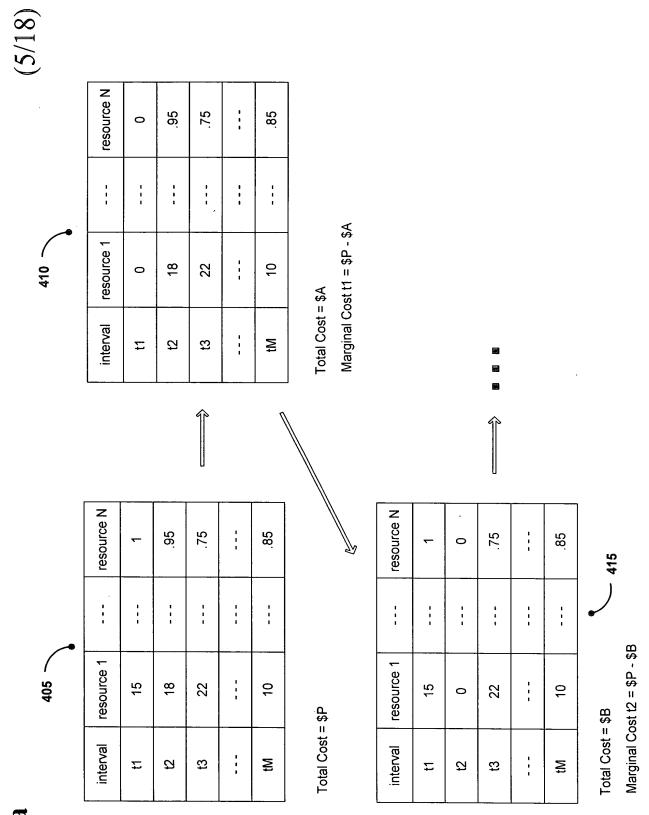

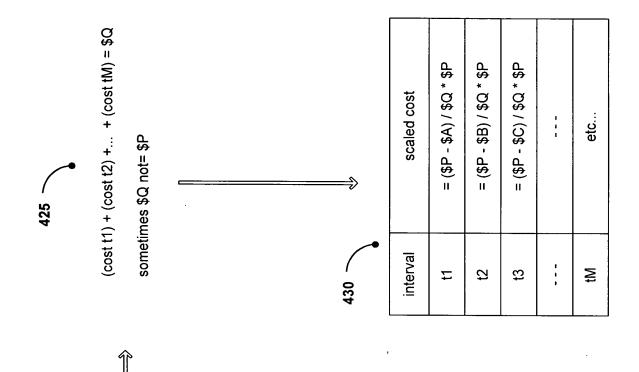

FIG. 4a

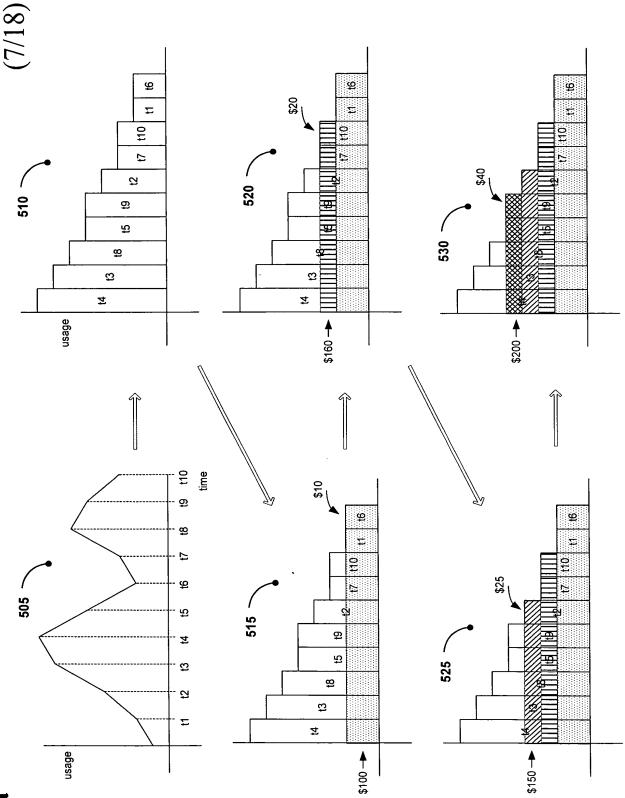

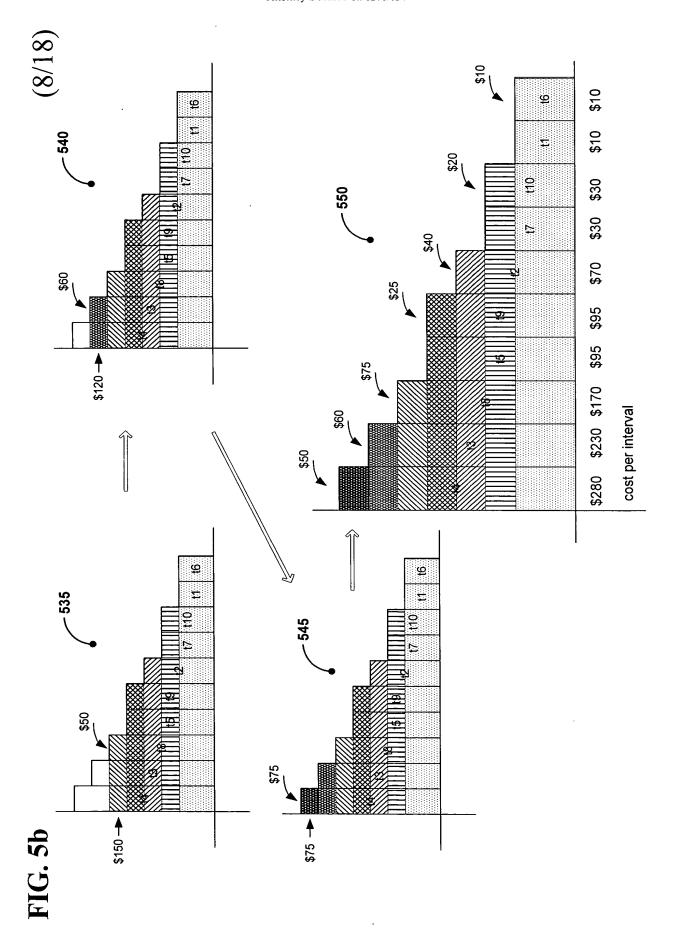

FIG. 5a

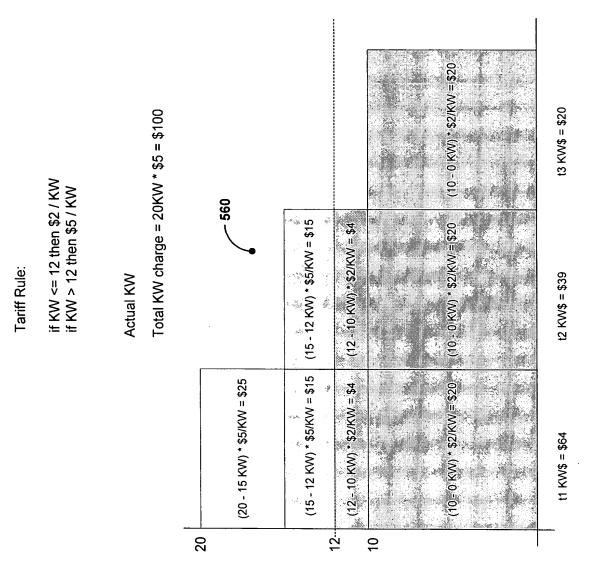

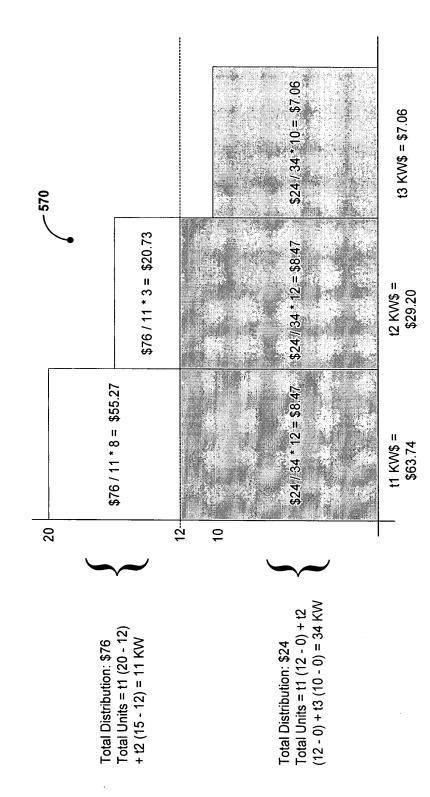

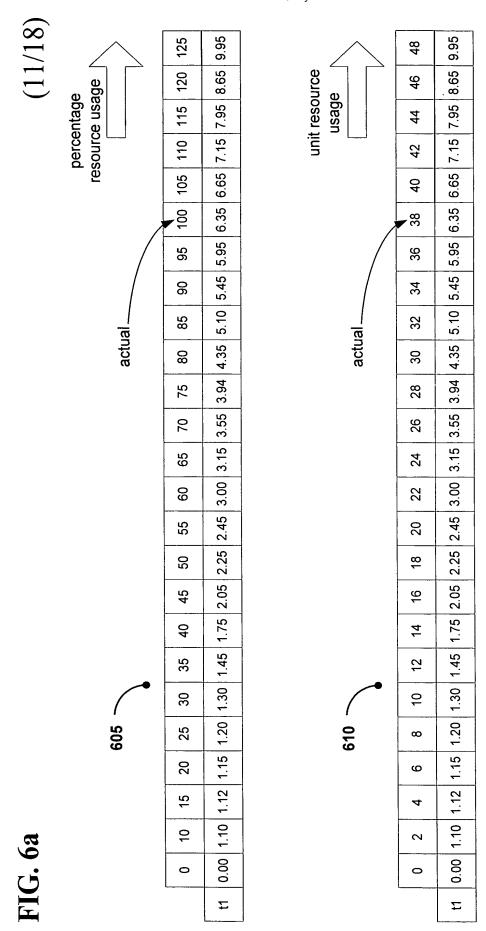

FIG. 50

Tariff Rule:

if KW <= 12 then \$2 / KW if KW > 12 then \$5 / KW

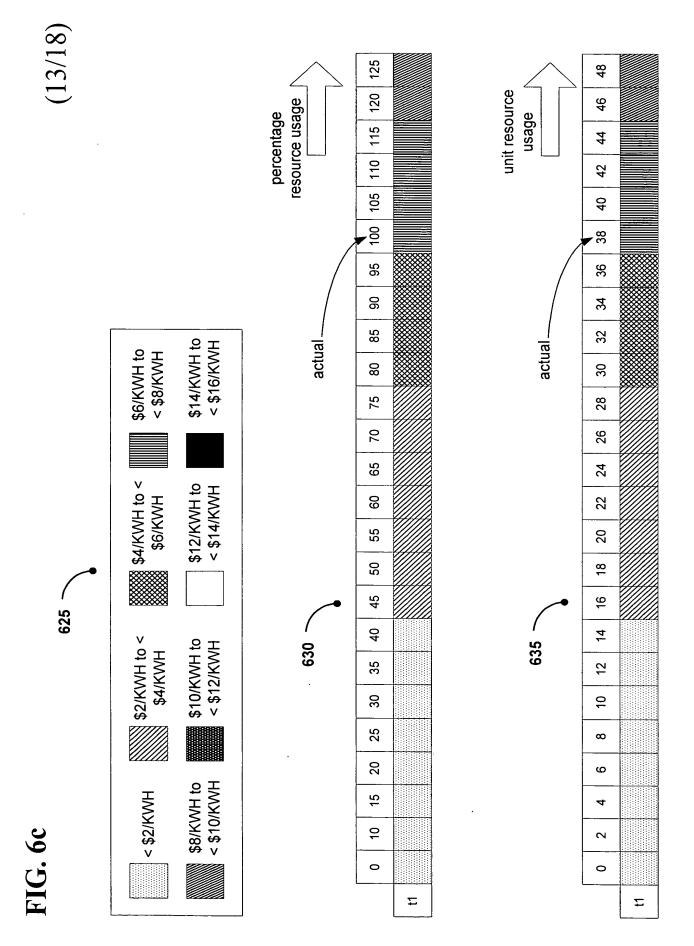

Total KW charge = 20KW * \$5 = \$100 KW <= 12 is \$2 / KW so 12KW * \$2/KW = \$24 \$100 - \$24 = \$76 \$76 distributed to intervals above price step

(12/18)
